

Organizational Directory

Many organizations work across New Hampshire and New England to strengthen our local food system, but their work, support, and resources are sometimes fragmented and inaccessible. Through the product, market, and issue brief development, the subject matter experts identified organizations that, at the time of the Strategic Plan’s publishing, were working on issues related to the brief topic. The Strategic Plan Development Team combined the organization lists from each brief into the Organizational Directory, which lists every organization across the briefs and each brief that organization appears in.

Organizations	Briefs
4-H (Program of UNH Extension)	Dairy; Wasted Food
Abenaki Heritage Initiative	Other Products
Agricultural Justice Project	Labor & Workforce
Agricultural Viability Alliance	Farm Business Technical Assistance
